Language Training Information from DTR Dispatch

The following is quoted from DTR's dispatch [ ] for your information:

"Relatively little language training being done by station. Have a reasonably good capability in [ ] but very little [ ] This capability desirable, however [ ] speakers about three-fourths effective. Station urges greater use of long-term language facilities in the United States. A suggestion advanced at this station is for the development of a list of key words or phrases in various foreign languages which would aid the Agency employee to identify the language being spoken. This could be done by written lists of such words or phrases supplemented by records or tapes."
